25X1 SUBJECT: Report of Significant Logistics Activities
for the Period Ending 17 May 1984 []

25X1 d. Training: The Field Administration Course will begin
on 21 May []

25X1 e. Quality of Life: The Southeastern Floor Company has
completed the installation of flooring in the exercise and
locker rooms. This completes this project which included the
replacement of the running track in the Headquarters Building.
[]

25X1 f. Drawings: Drawings for the relocation of the Watch
Office, DDO, to Room 7F19, Headquarters Building, were
completed by the Architectural Design Staff, OL, and issued to
the Space Maintenance and Facilities Branch, OL. This was done
in response to a high-priority request from the Deputy Director
for Operations. []
25X1 []

25X1 h. Carpool Locator System: A meeting was held with the
Chief, Logistics Services Division, OL, to discuss preliminary
requirements for a micro-computer based system. The proposed
system would be located in the J corridor of the Headquarters
Building and be available to all employees for perusal of
carpool information. It would be an automated version of the
present "board" system. Requirements gathering will continue.
[]

25X1 i. ETECS Renovations: The air handler in the Printing
and Photography Building was moved on Saturday, 12 May. When
the electrical power was disconnected by a Headquarters
Engineering Branch representative, it was discovered that
several wires were burned, indicating that there had been at
least one fire in the power box. The damaged wires were
replaced, and a work order will be submitted to rewire the
entire unit. []

25X1 j. Waste Paper Disposal: Printing and Photography
Division, (P&PD) OL, representatives visited the Review and
Herald Publishing Association printing plant in Hagerstown,
Maryland on 10 May to look at their Ohio Blow Pike Company
(OBP) system. OBP is one of the three vendors Printing and
Photography Division has been evaluating. The system has been
virtually trouble-free since installation about two years ago.
The system is impressive, but it was obvious that it takes up
considerable space. []
